

Give A Child A Chance

SPONSOR A CHILD FOR A YEAR

Did you know that...

- The average age of a homeless individual is nine years old?*
- Nearly 50% of homeless children either have witnessed or have been subjected to violence in their homes?*

The Give a Child a Chance program gives children what they need to survive:

- Food for nourishment
- A bed for restful sleep
- A roof overhead for safety
- Clothes and shoes for warmth
- Love. A parent to give love, to nurture and to care for them.

Homeward Bound provides access to on-site medical and dental clinics, daycare, counseling services, and social programs to help children gain confidence, better manage difficult situations, and overcome the trauma they have witnessed.

As part of the annual \$1,000 sponsorship, **Give a Child a Chance** sponsors receive bi-monthly reports updating the children's participation in activities and programs. This allows sponsors to stay informed about the progress of the children at Homeward Bound and see for themselves the difference their gifts are making.

The **Give a Child a Chance** program is supported in part by The Griffin Charitable Foundation.

Your support ensures a healthy future for a new generation.
